AYER'S PILLS.

A large proportion of the diseases which cause human suffering result from derangement of the stomach, bowels, and liver. AYER'S CATHARTIC PILLS act directly upon these organs, and are especially designed to cure the diseases caused by their derangement, including Constipation, Indigestion, Dyspepsia, Headache, Dysentery, and a host of other ailments, for all of which they are a safe, sure, prompt, and pleasant remedy. The extensive use of these PILLS by eminent physicians in regular practice, shows unmistakably the estimation in which they are held by the medical profession.

These PILLS are compounded of vegetable substances only, and are absolutely free from calomel or any other injurious ingredient.

A Sufferer from Headache writes:

"AYER'S PILLS are invaluable to me, and are my constant companions. I have been a severe sufferer from Headache, and your PILLS are the only thing I could look to for relief. One dose will quickly move my bowels and free my head from pain. They are the most effective and the easiest physic I have ever found. It is a pleasure to me to speak in their praise, and I always do so when occasion offers."

W. L. PAGE, of W. L. Page & Bro.,

Franklin St., Richmond, Va., June 3, 1882.

"I have used AYER'S PILLS in numberless instances as recommended by you, and have never known them to fail to accomplish the desired result. We constantly keep them on hand at our home, and prize them as a pleasant, safe, and reliable family medicine. FOR DYSPEPSIA they are invaluable."

Mexia, Texas, June 17, 1882.

The REV. FRANCIS B. HARLOWE, writing from Atlanta, Ga., says: "For some years past I have been subject to constipation, from which, in spite of the use of medicines of various kinds, I suffered increasing inconvenience, until some months ago I began taking AYER'S PILLS. They have entirely corrected the costive habit, and have vastly improved my general health."

AYER'S CATHARTIC PILLS correct irregularities of the bowels, stimulate the appetite and digestion, and by their prompt and thorough action give tone and vigor to the whole physical economy.

HOW TO GET IT.

The Increased Rate of Pensions to One-Armed and One-Legged Soldiers.

The following circular has been issued by the Commissioner of Pensions, and approved by the Secretary of the Interior:

"The following regulations are prescribed for the purpose of carrying into effect, as speedily as possible, the provisions of the act of Congress, approved March 3d, 1883, increasing to \$30 per month the pensions of those who have lost a leg at or above the knee, or an arm at or above the elbow, and of those who have been so disabled as to be incapacitated for performing any manual labor, but not so much as to require regular personal aid and attendance, and who are now receiving pensions at the rate of \$24 per month; and to \$24 per month the pensions of those who have lost one hand or one foot, or been totally or permanently disabled in the same or otherwise so disabled as to render their incapacity to perform manual labor equivalent to the loss of a hand or foot, and now receiving \$18 per month.

"Inasmuch as said act has immediate effect upon such admitted cases as have been adjudicated at the rates of \$24 and \$18 per month, respectively, no formal application by the beneficiary is necessary to be made other than to forward to the Commissioner of Pensions the pension certificate, accompanied by a letter stating, in the handwriting of the pensioner, his present post-office address. As soon as possible after the receipt of the pension certificate aforesaid the Commissioner will re-issue to him a new certificate for the new rate, and will forward the same to the proper pension agent to inscribe the name of such pensioner on the roll at the increased rate, and to make the pensioner proper payment. In the case of amputation the certificate will be re-issued without any further medical examination. The intervention of an agent or attorney in such admitted cases as are affected by this act, being unnecessary, will not be recognized."

A Bar to Emotional Insanity.

New Haven Courier.

There has been so many "emotional murderers" in California that it has been thought best by the Legislature to pay special attention to this class of criminals. A bill has been passed which provides that a murderer who enters a plea of insanity shall first be examined for craziness alone, without regard to his crime; and if the court finds him sane he shall be tried for murder, the false plea entering as an "aggravation of the offense." But if the plea of insanity is sustained, the defendant shall be sent to a mad-house by the court and never removed unless his sanity at the time of the murder is proven. Then he shall be taken away and tried on the original charge.

A despatch from Helena, Ark., says: Fitzhugh Levee, five miles south of this city, gave way last night. The crevasse this morning is over 100 yards wide, and increasing rapidly. The rush of water through the opening is terrific. The whole country around Oldtown is believed to be inundated. The other levees are being strengthened. It is not believed they can stand another foot of water. A further rise of fifteen inches is anticipated, in which case nothing can prevent the inundation of the country contiguous to Helena. The gauge stands forty-six feet six inches above low water, and eight inches below the highest point reached last spring. St. Francis river at Madison is several inches higher than last year.

At Massalion, Ohio, the body of Frank Hunter was found in a large water tank, standing on supports and twenty-five feet from the ground. The top of his head was shot off and his brains scattered around. A man named Brunner and the dead man's wife and daughter were arrested on suspicion of being connected with the crime.

NEWS BREVITIES.

Small pox has appeared at Williamsburg, Ky.

Scarlet fever is raging fearfully at Cynthia, Ky.

Wm. Hutchinson, a negro is in jail at Danville, Ky., for rape.

A bad break has occurred in the levee at Chicot county, Arkansas.

John Lube, a workman, was killed at Cleveland, O., by a falling timber.

Birdy Gonslene, a boy, fell into a burning brush heap at Gallipolis, O., and was fatally burned.

Evansville, Ind., is to be illuminated by electric light. A contract has been made with the Brush company for five years.

Mr. Frederic Giese and Herr Schnitzler, of the Mendelssohn Quintet Club, with the Nilsson Concert Company, are proteges of the King of Holland.

A freight train was run into by a passenger train at Millburg, O., on Sunday, and the conductor and brakeman of the freight were terribly injured. Several freight cars were burned.

Dr. M. A. Randall, of Rossville, O., is supposed to have been decoyed away from home and murdered, as his hat has been found on the bank of a stream, the back part of the hat having a large hole in it as though made with a club.

The remains of J. Howard Payne will arrive in New York from Tunis on the 15th inst. They will be taken charge by a naval officer and, without ceremony, conveyed to Oak Hill cemetery. The final burial will take place June 9, with appropriate ceremonies.

The Relief Committee of the Common Council of Cincinnati has appropriated \$1,000 for the purpose of carrying on the search for the human bodies supposed to be buried under the Southern Railway depot wreck. The Citizens' Committee will add \$1,000, if necessary.

The case of A. H. Pugh vs. the Cincinnati Telephone Company has been dismissed in the Supreme Court. The point at issue was whether, the plaintiff having used improper language through his telephone, the company had the right to remove the instrument.

A Pittsburg special says: Iron masters interviewed on the tariff have been unanimous in their declarations that under the new law a reduction of the wages of all classes of workmen will be necessary. If this is persisted in it will be very probably result in a general strike. A large number of employees seen to-day assert that a attempt to reduce wages will be stubbornly resisted.

Cleansing a Silk Dress.

Take six tablespoonfuls of the best soft soap, or four tablespoonfuls of yellow bar soap, scraped into thin shavings with a sharp knife, and dissolved in just enough boiling water to melt it, four tablespoonfuls of honey, half a pint of alcohol and half a pint of hot water. Beat all to a froth and spread the breadths of the dress, one at a time, upon a sheet, and with a sponge dipped into the mixture rub it over the silk, taking care to mark the soiled places before it is all wetted, so they can have an extra rubbing. Dip each breadth into cold water as soon as it is cleansed, soosing it up and down in the water, so as to take out all the soap suds, but do not wring it out or crease it in the hands. Shake and snap the silk to clear it from the water, and hang it out-of-doors till it is partly dry, then roll it in a towel or sheet. Proceed in this way till all the parts of the dress are cleaned and partially dried, and iron them on the wrong side of silk, or over a newspaper, until perfectly dry. Two persons can do the work much more satisfactorily than one, as the silk dries rapidly. — Country Gentleman.

PORTLAND, MAINE, has elected a Democratic Mayor.

STAMPS will not be required on bank checks after July 1st.

HON. Z. F. SMITH has withdrawn from the Legislative race in Fayette county.

THE Mississippi Valley is still flooded and in some places has assumed the proportion of an inland sea.

THE electric light seems to be a rather expensive luxury. The city of Akron, Ohio, used two of them for two years at a cost of about \$17,000. They are no longer in use there.

THE cost of criminal prosecutions in Kentucky has been steadily increasing since 1873. The amount expended in 1873, was \$86,111, and in 1880, the last year reported, \$329,719.

THE tobacco tax reduction takes effect May 1st. The tax will after that date be eight cents a pound on manufactured tobacco, \$3 a thousand on cigars and fifty cents a thousand on cigarettes.

THE Railroad Commissioners of Kentucky seem to want to be railroad managers rather than Commissioners, if we may judge from the way their first report reads. The railroads ought to have some rights as well as the State.

THE primary election to select a Democratic candidate for Representative in the General Assembly takes place next Saturday the 10th inst. Every Democrat should make it a point to record his preference for one or the other of the candidates.

WE have heard it suggested that it would be a graceful thing for Chester to present to the Street Railway Company the ground on which to erect the stables. As land is cheap there the donation would be comparatively a trifle, provided the citizens generally took part in it.

THE Massachusetts Democrats are evidently determined to play the card of woman suffrage for all it is worth. The solid vote of the party in the Legislature is to be brought, if possible, to the support of the bill now under consideration granting the right to vote in municipal elections to women.

COUNTY POINTS.

MINERVA.

Hon. J. D. Kehoe, was in town one day last week, congratulating his old friends and making many new ones. Minerva is solid for Kehoe.

Mr. and Mrs. Thomas R. Robertson returned from the Queen City, last Saturday night. They will move into their new home next week.

Misses Alice and Mattie Bateman, of Maysville, spent several days last week with friends in Minerva.

The ushers at the wedding last Thursday, performed their duties admirably.

The selection of school trustees on Monday, passed off quietly.

The election of Town trustees on Monday, passed off quietly. All temperance men elected.

Mr. and Mrs. Daniel W. Scott, were in town last Saturday.

The boys serenaded Mr. D. W. Scott and wife last Saturday night. They made quite a fuss.

The boys are happy when the candidates come about.

MAYSICK.

Some of our merchants are receiving their spring goods.

Miss Fannie Howe, of Flemingsburg, is visiting Miss Siddle Parry.

We are glad to state that August Melsner, who has been quite sick, is recovering.

James Fitzgerald and James Threlkeld, of Maysville, visited here Sunday.

Hon. J. D. Kehoe was circulating among the people here Monday.

M. B. Gray, of Cynthiana, was the guest of B. Duke Scott last week.

Jasper M. Hixson is thinking of moving to Missouri instead of Florida.

Harrison Devin, after a pleasant visit in Bath county of two months, returned home last week.

The young gentlemen who upset the stiles on the pavement March 4th, at Maple Grove, will please call and settle with Jack Story for repairs. We withhold their names for the present by request.

Elder W. A. Oldham, State Sunday School Evangelist, will speak at the Christian Church next Friday night. He has something very interesting to say and wants everybody to come.

FERN LEAF.

Chas. Wallingford won the musical clock that was raffled off at the store here a short time since.

J. W. Evans, who has been confined to his bed with a severe cold, is able to be out again.

Miss Amelia McIntyre has a music class in this neighborhood.

Mr. Traylor came out last week to tune S. V. Evans' piano, which is a very sweet toned instrument.

Jake Shelton, who has lately moved into the new house just completed on the farm of Joshua Burgess, has a very sick son who is not expected to recover.

D. B. Brady has moved on the farm of Thos. Haughey.

Miss Ranson, of Maysville, came out in the bus Saturday evening to visit Miss Smith, Mr. Burgess' governess.

Miss Emma Hull, of Missouri, and Miss Lillie Cooper, of Millford, Ky., left Mrs. Wallingford's last week to visit their aunt, Mrs. Malinda Wallingford, of Mt. Gilead.

G. W. Colvin, who has been quite ill with pneumonia, is convalescing.

The school here is in a flourishing condition and there is no reason why it should not be, as the children belonging to the school are unusually bright.

Alfred Hicks has removed to a house on G. V. Evans' farm.

We attended the last meeting of the Hebron Sunday School Club, at Jos. Hick's on Thursday evening, which proved to be quite pleasant and entertaining.

Rev. James A. Harding, of Winchester, Ky., preached a series of interesting discourses at the Christian Church in Germantown during the past two weeks. The most interesting of those to which we have listened, was preached from the subject, "The Second Coming of Christ." Space forbids that we give an outline of the sermon, which, although rather speculative, was delivered in oratorical style throughout, the peroration being exceedingly fine.

The "Kitchen Belles' Club" met at the school house on Tuesday afternoon of last week to make arrangements for their final meeting the present season. They decided to meet at Miss Mamie Slack's on Friday evening of next week, and all who attend are to dress in Phantom costume.

We have had occasion two or three times, lately, to think how necessary it is for ladies to be highly educated. It is a rare thing to see a very highly cultivated lady stoop so much as to make unkind remarks about any one, or try to make sport at some one else's expense. An intelligent person has so many resources that they can always entertain their friends with something pleasant without becoming personal.

John Wallingford bought of Sam. Proctor, near Hebron Church, 64½ acres of land for \$4,000. Will give possession this week.

Mr. Proctor has purchased a farm of Miss Allie Chanslor, on Shannon, at \$10 per acre, where he is moving his family at the present time. We heard a young gentleman say a few days since that he had already found out just how long it would take him to ride from Fern Leaf up there.

The Murphysville correspondent can call that man that mailed such a package of valentines at the Maysville post office "Joe Stevenson" if he wants to, but we have not heard that he has changed his name, and it has always commenced with a "W," and if I mistake not there are two W's in the name.

P. E. M.

THE East Maysville "john-boat" factory has suspended operations since the flood. Over production was the cause.

FOR REPRESENTATIVE.

We are authorized to announce J. D. KEHOE as a candidate for re-election to the office of Representative for Mason County in the General Assembly of Kentucky, subject to the action of the Democratic party.

ED. BULLETIN: Permit me briefly, through your columns, to return my sincere thanks to the many kind friends who have signed calls soliciting me to become a candidate for Representative of Mason County, and in response to said calls I announce myself a candidate, subject to the decision of the Democratic party in the primary election to be held March 10th, February 22, 1883.

A. P. GOODING.

I hereby announce my candidacy for your Representative in the next Legislature, subject to the decision of the Democracy at the primary election, March the 10th. I am in favor of a return to the good old days of the whipping post, and shall make it my business, should I be elected, to see that the subject is brought prominently and squarely before that body. If there is any one thing, more than another, that should have the attention of our Representatives, it is some efficient punishment for petty stealing, &c. If something is not done at once there will not be enough chickens left in Kentucky to run a camp meeting, nor rails enough left to fence in a ten acre lot. I ask every one in favor of the whipping post to cast their vote for me, promising them that I will do all that can be done to get the bill through.

READ the new advertisements printed elsewhere to-day.

A LITTLE son of Mr. Bayless Farley, of Aberdeen, died on Tuesday.

Rev. Mr. Godby began a protracted meeting at Orangeburg on Tuesday.

WE are going to have a booming spring trade—so many of our best business men believe. The stocks in Maysville are large and prices very low.

THE farmers were very busy during the good weather making preparations for the next tobacco crop. Much plowing was done and many plant beds sowed.

Two weather beaten tramps who arrived in Maysville on Tuesday, asked where the "county house" was. On being directed to the jail they left town immediately.

MR. J. Q. JACQUITH's improved spindle is in use at the Maysville Cotton Mills and is said to work in the most satisfactory manner. It is a very useful invention.

JULIUS W. McCULLOUGH, who died recently at Huntington, W. Va., was a member of the Masonic Mutual Benefit Association of this city. His heirs will receive \$1,609.

MR. FRANK KENNON's house, near Stone Lick, caught fire from a defective flue one day last week, but with the assistance of persons living near by the fire was put out before much damage was done.

MISS LAURA McDONALD, of Lewis county, was married at the Central Hotel to-day to Mr. J. F. Cook, of Mason county. Rev. M. D. Reynolds, pastor of the M. E. Church, South, performed the ceremony.

MR. WM. WINN has sold his farm "Silver Lake Place" to Mrs. Ann Henry, of Washington, for \$12,500. The tract contains fifty-two acres and cost Mr. Winn nearly \$16,000. Possession will be given in a few weeks.

THE Mission meetings at St. Patrick's Church have been largely attended. The sermons so far have been of a very interesting character. The sermon last night, by Father Leo, on the subject of "Death," is especially well spoken of.

MR. A. M. PORTS, a rising young farmer of Brown county, Ohio, will leave next Monday for Carrollton, Mo., where he expects to live in future. He will be accompanied by Messrs. David Kimble and J. B. Mott. The latter goes to Nebraska.

REV. S. X. HALL preached at the M. E. Church, South, last night. He is an eloquent and most attractive speaker. Rev. B. F. Bristow, we learn, will arrive to-day. There will be services at 3:15 p. m. and 7:30 p. m. The public is cordially invited.

LAST Saturday evening the body of Wm. Gooding was found near his house at Poplar Plains. He was at Flemingsburg, on County Court day and was considerably under the influence of liquor when he left. As no marks of violence were found on his person it is supposed he froze to death.

OUR correspondent at Minerva, has furnished us with the following list of presents received by Miss Mollie E. Watson, on the occasion of her marriage to Mr. Thomas R. Robertson, on the 1st. inst.

THE mud scrapers are at work on Third street and it is beginning to have a cleanly look.

WE offer the following as an amendment to a popular song:

"Low cut shoes and striped socks,
Put all your nickels in the street car box."

WHEN the street railway is finished and in running order, the Building Association might profitably invest its funds by putting up some inexpensive dwellings either in Chester or the lower part of the city. Such structures are in demand and will be taken readily by the members.

R. B. LOVEL, the Market street grocer, has received lately a full supply of seed potatoes, which includes the best varieties of Northern growth, a list of which will be found in an advertisement elsewhere. He is also the agent here for D. M. Ferry's garden seeds, which are warranted to be strictly pure, and by long use are known to be well adapted to this climate and of desirable varieties.

At an adjourned meeting of the Maysville Baptist Church, Sunday evening, March 4th, 1883, the following were adopted unanimously:

WHEREAS, Our pastor, Rev. J. K. Pace, has tendered to this church his resignation, to take effect April 1st, 1883,

Resolved, That in accepting we assure him of our high esteem and tender affection, and regret that necessity requires that the bond which has so pleasantly and so profitably united us for two years should so soon be severed.

Resolved, That we recommend him to the brethren everywhere as a laborer acceptable and conscientious, and that our prayers shall go with him to his new field of labor, that the Lord may preserve his health, direct his labors and bless his efforts.

Resolved, That a copy of these resolutions be presented brother Pace and also be furnished the press for publication.

G. W. SULSER, Clerk.

Chocolate Cream Bonbons.

Put a pound of loaf sugar in a stewpan; pour upon it as much milk or thin cream as the sugar will absorb. Dissolve it over the fire and boil slowly until it will candy when dropped into cold water. Neither stir it nor allow it to stick to the pan; take it off and stir it until you can cream it with a spoon. Add a tablespoonful of extract of vanilla, and beat it till cool enough to handle. Then fashion it into balls the size of a filbert; lay these aside on buttered paper. Put a half pound of unsweetened pure chocolate in a tin plate over a kettle of boiling water, and when it is dissolved dip the bonbons into it and lay them out on a buttered paper to cool. If the sugar grains like sand instead of creaming, it has been boiled too long, and it may be necessary to begin anew with other sugar.

PERSONALS.

Points About People Here and Elsewhere.

Mr. J. R. Sousley, is at Lexington to-day.

Miss Charlotte Taylor, we regret to hear, is very ill.

Hon. E. C. Phister returned from Washington last night.

Mr. A. B. Crum returned home from the South, on Monday.

Joseph Bennington, a well-known tobacco buyer of Aberdeen, is at Vanceburg buying the weed.

Hon. John B. Clark, of Bracken county, is the owner of 1,800 acres of land, a large part of which is used for tobacco cultivation. His sons, who assist him in the management of this large tract of land, are said to be thoroughly practical farmers.

Wouldn't be Caught.

The editor of the *Texas Siftings* recently took a trip across the State, and to judge by the following incident he had a lively time:

"Stopping at a water-hole, I dismounted," he says, "and handed the doctor a cup of water. In returning the cup he let it fall on the ground, starting my pony and causing him to run about fifty yards.

"As he stopped and began to graze, I paid no attention to him, expecting, after attending to the demands of my thirsty throat, to walk up to him and mount.

"He let me walk to within five paces of his head. He had no objection to my walk. The fact is, and I regret to bear witness to it, he seemed rather to enjoy seeing me walk.

"Just as I was about to reach out to catch the bridle, he walked off. Then I began to run. So did he. He evidently enjoyed this acceleration of speed on my part, even more than he had previously enjoyed my walking gait. He ran a short distance with his head down, apparently chuckling to himself at my discomfiture; then, throwing his heels up in the air, he cantered around me in a circle, neighing in a derisive manner.

"When I stopped he would stop, and wait until I almost caught up with him. He was always on the alert, however, and stood with his tail elevated, ready to go off at the slightest increase of speed in my movements.

"What added to the interest of the entertainment was that when the vile mustang started, the coffee-pot and other loose articles of virtue attached to the saddle kept flopping around, increasing his hilarity and causing him to perform gratuitous antics that no one would have ever thought the brute capable of performing.

"The result of this was that from the moment he started to run he began shedding my portable property, loose articles first, then the contents of my saddle-bags, one article at a time, leaving a train of tin-ware and notions to mark his erratic course.

"This necessitated following in his tracks, that I might pick up my scattered belongings. Here, a tooth-brush; there, a bar of soap; over yonder, a towel hanging on a withered cactus; and the coffee-pot, with the handle broken and the lid gone, jammed among the thorns; further on, my note-book in a puddle of water, and the photograph of somebody with golden hair smiling at me out of a bunch of violet-colored flowers.

"After two hours spent in fruitless endeavor to catch my pony, and after trying all manner of deceitful devices to entrap him, such as walking up toward him with a handful of choice grass, and offering it to him in the most respectful manner and sweetest tone of voice, and in holding a hat toward him in such a manner as to suggest that it contained about two quarts of shelled corn—after all this had failed, he caught himself by entangling a rope, that hung loose from his neck, in the branches of a low mesquite."

The Great Rivers of the World.

The River Amazon is the greatest volume of water flowing through any country of the world; but it is but 3,000 miles long. The Mississippi from Lake Itaska to its junction with the Missouri is 2,616 miles long; from that point to the Gulf is 1,286 miles, a total of 3,902 miles; the Missouri runs 2,908 miles to join the Mississippi, and, having had given to it the length to the sea, is 4,194 miles long. To the sacred river, the Nile, must be given the credit of running through the greatest stretch of country. The "American Encyclopædia of 1875," from which the previously quoted figures are taken, says: "It is navigable, as far as the district of Fazogle, about 1,500 miles from the Mediterranean. Its approximate length, throughout all its windings from the limit of steam navigation above Gondokoro is 3,000 miles. The additional length to Lake Albert N'Yanza can scarcely be less than 200 miles, and, consequently, the river traverses a distance of about 4,700 miles, or 506 more than the Missouri and Lower Mississippi."

Kendall's Spavin Cure.

The Most Successful Remedy ever discovered, as it is certain it effects and does not blister. READ PROOF BELOW.

From Rev. P. N. GRANGER,

Presiding Elder of the St. Albans District.
ST. ALBANS, VT., Jan., 20, 1880.

DR. B. J. KENDALL & Co., Gents:—In reply to your letter I will say that my experience with 'Kendall's Spavin Cure' has been very satisfactory indeed. Three or four years ago I procured a bottle of your agent, and with it, cured a horse of lameness caused by a spavin. Last season my horse became very lame and I turned him out for a few weeks when he became better, but when I put him on the road he grew worse, when I discovered that a ring-bone was forming, I procured a bottle of Kendall's Spavin Cure and with less than a bottle cured him so that he is not lame, neither can the bunch be found. Respectfully yours,
P. N. GRANGER.

Perseverance Will Tell.

STROUGHTON, MASS., March 16, 1880.

B. J. KENDALL & Co., Gents:—In justice to you and myself, I think I ought to let you know that I have removed two bone spavins with 'Kendall's Spavin Cure,' one very large one, don't know how long the spavin had been there. I have owned the horse eight months. It took me four months to take the large one off and two for the small one. I have used ten bottles. The horse is entirely well, not at all stiff, and no bunch to be seen or felt. This is a wonderful medicine. It is a new thing here, but if it does for all what it has done for me it will be very great. Respectfully yours,
CHAS. E. PARKER.

KENDALL'S SPAVIN CURE is sure in its effects, mild in its action as it does not blister, yet it is penetrating and powerful to reach a every deep seated pain or to remove any bony growth or other enlargement, such as spavins, splints, curbs, callous, sprains, swellings, any lameness and all enlargements of the joints or limbs, or rheumatism in man and for any purpose for which a liniment is used for man or beast. It is now known to be the best liniment for man ever used, acting mild and yet certain in its effects.

Send address for illustrated Circular which we think gives positive proof of its virtues. No remedy has ever met with such unqualified success to our knowledge, for beast as well as man.

Price \$1. per bottle, or six bottles for \$5. ALL DRUGGISTS have it or can get it for you or it will be sent to any address on receipt of price by the proprietors. DR. B. J. KENDALL & CO. Enosburgh Falls, Vermont. 127d.
